MEMORANDUM

To: Board of Education
From: Eric Luther
Date: 7/3/2023
Re:

Graduation went very well. We had to move everything inside due to the potential for rain but Rick and his staff did a fabulous job getting everything moved and set up. It was a good thing we moved everything inside to the air conditioning as it was incredibly humid that night!

Regents' Exams went fairly well. We did have a few kids who were unsuccessful on their Regents' Exams and they will be looking to re-take in August at either Carthage or Gouverneur. We also have approximately 10 students taking various classes through an online summer school program to recoup the course credits they missed during the year so they can stay on track to graduate with their respective cohorts.

In athletics, I have our soccer and basketball schedules for both boys' and girls' completed. Our soccer tournament will be on Sept. 8-9 this Fall.

I will also be attending the NYSPHSAA Central Committee meetings at the end of July to represent Section X at the annual meetings and voting on various changes.

In CSE, we have completed all of our IEP meetings for the 22-23 school year. We have also made plans for the 23-24 school year with minimal movement of people and at this time, we will be all set for the start of school in September.

This summer we have to complete our SPP #13 (Secondary Transition for SWD) report. This is a review of IEPs for our students with the purpose of ensuring we are discussing post-secondary plans for our students and that we are making appropriate plans to help them achieve their desired goals after high school. This will be somewhat tedious but not really much of an issue as we discuss our student's future plans at every CSE meeting and the student's goals are reflected in every IEP.
