SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE)

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. The Superintendent will attend all Board meetings. Members of the Superintendent's staff may attend Board meetings at the Superintendent's discretion. The Board may also request that additional people attend.

Regular Board meetings will take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified. Any Board meeting may be adjourned to a future date and time if approved by a majority of the Board present. Further, if a meeting date falls on a legal holiday, interferes with other area meetings, or Board member attendance will be less than a quorum, the Board will select a date for a postponed meeting at the prior regular meeting, and it will direct the District Clerk to notify all members. The District Clerk will provide the Board members written notice of the time of and agenda for each regular meeting before the meeting.

When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the District Board has the ability to do so, it will conspicuously post the meeting notices on its the District's website. If videoconferencing or online technology is used to conduct a meeting, the public notice for the meeting will inform the public, identify all the locations for the meeting, and state that the public has the right to attend at any of the locations. If a meeting is streamed live over the Internet, the public notice will inform the public of the website's Internet address. ~~Voting may be done through videoconferencing, provided that members can be both seen and heard voting and participating from remote locations.~~

The Superintendent will prepare the meeting agenda during the week before the meeting and review it with the Board President. The agenda will then be distributed to Board members no later than the Friday before the regular meeting. The President or other Board members will submit requests to place matters on the agenda to the Superintendent. Whenever individuals or groups wish to bring a matter to the attention of the Board, they will submit a written request to the Superintendent.

District records available to the public under the Freedom of Information Law, as well as any proposed resolution, rule, regulation, policy, or amendment scheduled to be discussed at a Board meeting will be made available upon request, to the extent practicable, at least 24 hours before the meeting. Copies of these records may be made available for a reasonable fee. These records will be posted on the District's website, to the extent practicable, at least 24 hours before the meeting.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)**Using Videoconferencing to Conduct Board Meetings**

If videoconferencing is used to conduct a Board meeting:

- a) The Board will provide an opportunity for the public to attend, listen, and observe the meeting at any location where a Board member is participating; and
- b) The public notice for the meeting will inform the public that videoconferencing will be used, identify the locations for the meeting, and state that the public has the right to attend the meeting at any of the locations.

Voting may be done through videoconferencing provided that Board members can be both seen and heard voting and participating from remote locations.

Extraordinary Circumstances

In extraordinary circumstances, the Board may, in its discretion, permit Board members to participate in a Board meeting remotely by videoconference from locations that are not open to the public. For purposes of this policy, this is referred to as extraordinary circumstances videoconferencing.

However, in order for the Board to utilize extraordinary circumstances videoconferencing, the following conditions must be met:

- a) The District must maintain an official website.
- b) The Board must have adopted a resolution, following a public hearing, authorizing the use of extraordinary circumstances videoconferencing:
 1. For itself and its committees or subcommittees; or
 2. Specifying that each committee or subcommittee may make its own determination.
- c) The Board must have established written procedures governing Board member and public attendance at meetings where extraordinary circumstances videoconferencing is being used that are consistent with law and those procedures must be conspicuously posted on the District's website.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)

- d) Board members must only participate in meetings remotely from locations that are not open to the public in an extraordinary circumstance. How the Board defines extraordinary circumstances must be set forth in the Board's resolution and written procedures related to extraordinary circumstances videoconferencing. Extraordinary circumstances may include disability, illness, caregiving responsibilities, or other significant or unexpected factor or event which precludes the Board member's physical attendance at a meeting. Except for an extraordinary circumstance, Board members must be physically present at meetings unless a state disaster emergency has been declared or a local state of emergency has been proclaimed and the Board has determined that the circumstances necessitating the emergency declaration would affect or impair the ability of the Board to hold an in-person meeting.
- e) At the meeting where extraordinary circumstances videoconferencing is being used:
1. The public must be able to attend, listen, and observe the meeting in at least one physical location at which a Board member is participating.
 2. A minimum number of Board members must be present to fulfill the quorum requirement in the same physical location or locations where the public can attend.
 3. Except in the case of executive sessions, Board members must be able to be heard, seen, and identified while the meeting is being conducted, including, but not limited to, any motions, proposals, resolutions, and any other matter formally discussed or voted upon.
 4. The minutes of the meeting must include which, if any, Board members participated remotely and must be made available in accordance with law.
 5. The public notice must inform the public that: videoconferencing will be used; where the public can view and/or participate in the meeting; where required documents and records will be posted or available; and identify the physical location(s) for the meeting where the public can attend.
 6. The meeting must be recorded. The recordings must be posted or linked on the District's website within five business days following the meeting, and must remain available for a minimum of five years thereafter. Upon request, these recordings must be transcribed.
 7. The Board must provide the opportunity for the public to view the meeting via video, and to participate in proceedings via videoconference in real time where public comment or participation is authorized and must ensure that videoconferencing authorizes the same public participation or testimony as in person participation or testimony.

SUBJECT: REMOTE LEARNING*INSTRUCTION**Use of Remote Learning in the District Overview**

The District may offer remote or distance learning—instruction to students at certain times including, but not limited to, independent study, enrichment courses, and in the event of an extraordinary circumstance—such as widespread illness, natural disaster, or other emergency situation—emergency condition, including, but not limited to, extraordinary adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of a school building, or a communicable disease outbreak.

In the event the District remains in session and provides remote instruction when it would otherwise close due to an emergency condition, the remote instruction provided by the District will be consistent with the District's emergency remote instruction plan, located in the District-wide school safety plan.

When making decisions about remote learning—instruction, the District will consult with students, parents, teachers, administrators, community members, and other stakeholders as appropriate. When implementing remote instruction, the District will also ensure that it is complying with applicable teaching and learning requirements.

Extraordinary Circumstances

~~In the event of an extraordinary circumstance that requires long term and widespread use of remote learning, a plan will be developed that outlines how the District will accomplish remote learning. This plan will outline the number of students involved, modes of remote learning, asynchronous and synchronous learning opportunities, Internet and device access among students, and alternatives available for students who have neither a device nor consistent access. It will also address the needs of different populations of students including, but not limited to, vulnerable students, younger students, students with disabilities, and English language learners.~~

~~If warranted, the District may use a hybrid model of in-person instruction and remote learning.~~

Definitions

- a) "Asynchronous instruction" means instruction where students engage in learning without the direct presence (remote or in-person) of a teacher.
- b) "Non-digital and/or audio-based instruction" means instruction accessed synchronously and/or asynchronously through paper-based materials where the student to teacher interaction occurs via telephone or other audio platforms.
- c) "Remote instruction" means instruction provided by an appropriately certified teacher who is not in the same in-person physical location as the student(s) receiving the instruction, where there is regular and substantive daily interaction between the student and teacher.

(Continued)

Students

SUBJECT: REMOTE LEARNING*INSTRUCTION (Cont'd.)

1. Remote instruction will encompass synchronous instruction provided through digital video-based technology and may also include asynchronous instruction intended to complement synchronous instruction. Digital video-based technology includes online technology and videoconferencing technology.
 2. Remote instruction may encompass non-digital and audio-based asynchronous and/or synchronous instruction where this instruction is more appropriate for a student's educational needs.
- d) "Synchronous instruction" means instruction where students engage in learning in the direct presence (remote or in-person) of a teacher in real time.

Formats and Methods of Remote Learning-Instruction

~~Remote learning instruction may be delivered by teachers through a variety of formats and methods. Instruction may be provided through video, audio, and/or written materials. Communication between teachers and students may occur through video conferencing, prerecorded videos, online discussion boards, and/or other instruction that relies on technology. Remote learning can occur synchronously, which involves real-time interaction and collaboration between teachers and students, or asynchronously, which involves delayed interactions between teachers and students and self-directed learning. Determinations about how to best deliver remote learning instruction will take into account a variety of factors including, but not limited to, the number of students involved, the subject matter, the students' grade levels, and technological resources of both the District and students. Consideration will also be given to whether accommodations need to be made for students with disabilities or English language learners.~~

Remote Instruction During an Emergency ConditionEmergency Remote Instruction Plan

The District-wide school safety plan will include plans for the provision of remote instruction during any emergency school closure. The emergency remote instruction plan will include:

- a) Policies and procedures to ensure computing devices will be made available to students or other means by which students will participate in synchronous instruction and policies and procedures to ensure students receiving remote instruction under emergency conditions will access Internet connectivity. The Superintendent will survey students and parents and persons in parental relation to obtain information on student access to computing devices and access to Internet connectivity to inform the emergency remote instruction plan;
- b) Expectations for school staff as to the proportion of time spent in synchronous and asynchronous instruction of students on days of remote instruction under emergency conditions with an expectation that asynchronous instruction is supplementary to synchronous instruction;

(Continued)

Students

SUBJECT: REMOTE LEARNING*INSTRUCTION (Cont'd.)

- c) A description of how instruction will occur for those students for whom remote instruction by digital technology is not available or appropriate;
- d) A description of how special education and related services will be provided to students with disabilities and preschool students with disabilities in accordance with their individualized education programs to ensure the continued provision of a free appropriate public education; and
- e) If the District receives foundation aid, the estimated number of instructional hours the District intends to claim for state aid purposes for each day spent in remote instruction due to emergency conditions.

Reporting of Computer and Connectivity Survey Results

No later than June 30 of each school year, the Superintendent will report to the Commissioner of Education the results of the survey on student access to computing devices and access to Internet connectivity on a form and format prescribed by the Commissioner.

Minimum Instructional Hours

Remote instruction provided on days when the District would have otherwise closed due to an emergency condition may be counted toward the annual hourly requirement for the purpose of state aid. The Superintendent will certify to the New York State Education Department, on a form prescribed by the Commissioner, that an emergency condition existed on a previously scheduled school day and that the District was in session and provided remote instruction on that day and indicate how many instructional hours were provided on that day and certify that remote instruction was provided in accordance with the District's emergency remote instruction plan.

Remote Learning-Instruction Support

As necessary, the District will provide instruction on using remote learning-instruction technology and IT support for students, teachers, and families. The District will also work to ensure that teachers and administrators are provided with professional development opportunities related to designing an effective remote learning-instruction experience.

Compliance with District Policies, Procedures, and the Code of Conduct

Teachers and students are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would for in-person instruction. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, acceptable use, and copyright. Students will also be required to abide by the rules contained within the *Code of Conduct* at all times while engaged in remote learning instruction. Violations of the *Code of Conduct* and/or engaging in prohibited conduct may result in disciplinary action as warranted.

SUBJECT: REMOTE LEARNING*INSTRUCTION (Cont'd.)**Privacy and Security of Student and Teacher Data**

~~In compliance with law, regulation, and District policy,~~ †The District will take measures to protect the personally identifiable information of students and teachers from unauthorized disclosure or access when using remote learning instruction technologies in compliance with law, regulation, and District policy. Examples of these measures include, but are not limited to, minimizing the amount of data shared to only that which is necessary, deidentifying data, and ~~the use of~~ using encryption or an equivalent technical control that renders personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons when transmitted electronically.

~~*Customize to District— This sample language is provided as an example of how a district might address remote learning in policy. It should be revised to reflect the District's specific circumstances and practices and it should be consistent with any other applicable documents such as student handbooks. It is recommended that districts keep the language in this policy high level to account for the fact that the District's approach to remote learning will likely evolve as circumstances change. SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT OF IMPARTIAL HEARING OFFICERS**Due Process Complaints**

The District ~~is committed to making~~ will make every effort to amicably resolve disputes regarding educational programs for students with disabilities. ~~In the event~~ If these disputes cannot otherwise be resolved, either a parent, person in parental relation, or the District may file a due process complaint challenging the identification, evaluation, or educational placement of a student with a disability, or a student suspected of having a disability, or the provision of a free appropriate public education to the student. The complainant may not ~~have~~ receive an impartial due process hearing until the complainant, or the ~~attorney representing the complainant's~~ attorney, files a due process complaint notice that meets the requirements set forth in law for the notice. All due process hearings will be conducted in a manner consistent with the timelines and procedures set forth in law and regulation.

Except as otherwise provided by law, all requests for impartial due process hearings must be submitted within two years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. Upon receipt or filing of the due process complaint notice, the District will provide the most current version of the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and any free or low-cost legal and other relevant services available in the area.

An impartial due process hearing will be conducted at a time and location reasonable and convenient to the parent and student involved. The hearing will be closed to the public unless the parent requests otherwise. The impartial hearing officer (IHO) may conduct the hearing by videoconference or teleconference with parental consent which may be obtained at a pre-hearing conference, or at a minimum of ten days before the scheduled hearing date, provided that all personally identifiable data, information, or records pertaining to the student during the hearing is kept confidential in accordance with law and regulation.

A student whose education is the subject of a due process complaint will remain in ~~his or her~~ their current placement during the pendency of the impartial due process hearing unless both parties agree or as otherwise permitted by law.

Resolution Process

Prior to the opportunity for an impartial due process hearing, the District will convene a meeting with the parents and the relevant member or members of the Committee on Special Education or Committee on Preschool Special Education who have specific knowledge of the facts identified in the complaint. This meeting will provide the parents with an opportunity to discuss their complaint and the facts that form the basis of the complaint, and an opportunity to resolve the complaint with the District. The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, and will notify parents of the meeting early enough to ensure that they have the opportunity to attend. The resolution meeting will be at a mutually agreed upon time and place,

and in a location that is physically accessible to the parents. The parents and District may agree to use alternative means of meeting participation, such as videoconferences and conference calls. The District will ensure that all resolution meetings conform to the requirements set forth in the Commissioner's regulations.

The parents and the District may agree, in writing, ~~however,~~ to waive the resolution process or agree to use the mediation process to resolve the dispute.

Selection and Board Appointment of Impartial Hearing Officers

~~In the event~~ When a due process complaint notice is properly filed, the Board will arrange for an impartial due process hearing to be conducted. In these instances, the Board will immediately, but not later than two business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent, initiate the process to select an ~~Impartial Hearing Officer (IHO)~~ through a rotational selection process. To expedite this process, the Board may designate one or more of its members to appoint the IHO on its behalf.

The District will utilize the New York State Education Department's (NYSED) Impartial Hearing Reporting System to access the alphabetical list of the names of each IHO certified in New York State and available to serve in the District. The appointment of an IHO will be made only from this list and in accordance with the alphabetical rotation selection process and the timelines and procedures established by the Commissioner of Education. The District will record and report required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by NYSED.

If an IHO is not appointed within 196 days from receipt by the District of a due process complaint, the District will, no later than five business days after the 196th day has elapsed, provide written notification to parents of their right to request accelerated review. When accelerated review is sought, the District will be deemed to have denied the student a free and appropriate public education (FAPE) by virtue of the 196 day (or more) delay in the appointment of an IHO.

The District will be responsible for compensating the IHO for pre-hearing, hearing, and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The District will also reimburse the IHO for certain travel and other hearing-related expenses in accordance with an annually determined schedule.
