MEMORANDUM

To: Board of Education

From: Eric Luther

Date: 9/6/2024

Re:

We had great results with the conclusion of summer school. All of the kids who were making up credits but one, were able to pass and earn credits for the classes they were missing.

The first days of school went off quite well! All of the kids seem to be settling into the daily routine and things seem optimistic for the coming year. I have also been having conversations with teachers regarding their planning and mapping for this year. What conversations I have had, have been good and I am looking forward to the final products that they produce. It should help to focus daily instruction and ensure we are covering all materials necessary.

In athletics, Fall practices have begun for all levels. The Girls' varsity team had a big win against TI earlier this week and the boys lost a tough game as well. Our soccer tournament is this coming weekend and we are hopeful both teams can bring home trophies! Best of luck to them!

I have been working on finalizing the 4-6 basketball schedules for the league as well. Signups and practices should be starting very soon as the first week of games will begin the last week of September.

In CSE, I have a couple of intake meetings scheduled for next week and a EI to CPSE meeting coming for a Lewis County child. I am also working on setting up training/support time with the Kelberman Group out of Utica to work with our staff and help with strategies and program modifications when working with our autistic students. This is nearly finalized and should be starting soon!
